

MARKING CRITERIA – OSMOSIS AND DIFFUSION

Students: in your group presentation you will be marked based on how well you meet the following criteria. You will get a mark out of 3 for each section:

- 0 = No evidence of this in the presentation
- 1 = Attempted, but there is room for improvement
- 2 = Meeting expectations
- 3 = Even better than expected.

Criteria	Mark (out of 3)
You have explained the mechanism of diffusion.	
You have explained the mechanism of osmosis.	
You have explained things that can influence the rate of diffusion/osmosis.	
You have explained what happens to both plant and animal cells when placed in solutions of different solute concentrations.	
Your presentation is interesting and original.	
TOTAL (out of 15):
