

# Introducing flipped learning

## Exit Survey

Tick the box that applies to you.

### What's your opinion on flipped learning as a teaching technique?

- It's a great technique.
- It looks quite good, but I have some reservations.
- I'm indifferent.
- It doesn't seem likely to be much use.
- It's definitely not a good approach.

### How likely is it that you will try flipped learning in the near future?

- Almost definite.
- I hope to use at some point.
- I'm not sure.
- I'm not likely to use it soon.
- I'm definitely **not** going to try this out.

### Which of the following might hold you back from using flipped learning in your teaching? Tick all that apply.

- Nothing, I'm confident I can try this.
- I'm not good enough with computers.
- It's too time consuming.
- I just don't think it will help my students.
- Other (specify) .....

### Which of the following would help you implement flipped learning? Tick all that apply.

- ICT/software-specific training
- Practice.
- Seeing it in use (observing teachers doing flipped lessons).
- Another training/PD session.
- Other (specify) .....
